Our wild catch

We all enjoy eating local seafood, however not everyone can catch their own. Commercial fishers keep seafood on our menu by bringing us healthy, fresh and sustainable Aussie seafood from the ocean. Many of the species you see on the menu of fish and chip shops through to the best restaurants are all harvested by our commercial fishing fleet.

FIND-A-WORD

See if you can find these key wild species harvested by NSW commercial fishers.

					Y	D	R
