

Selected Vertebrate Pests Research Unit Papers – 2000-2010.

1. Saunders GR, Cooke B, McColl K, Shine R, and Peacock A (2010) Modern approaches for the biological control of vertebrate pests: an update on Australian research. *Biological Control* 52: 288–295.
2. Guay P-J, and Tracey JP (2009) Feral Mallards – A risk for hybridisation with wild Pacific Black Ducks in Australia? *Victorian Naturalist* 126, 87-91.
3. Tracey JP and Saunders GR (2009) A technique to estimate bird damage to wine grapes. *Crop Protection* doi:10.1016/j.cropro.2009.10.008
4. Tracey JP, Fleming PJS, Lukins BS, McLeod SR, Melville GJ and West PB (2009) 'Kakadu Feral Animal Training Program and Aerial Survey 2008-2009. A Report to the Director of National Parks, Kakadu National Park.' (Industry & Investment NSW and the Invasive Animals CRC: Orange).
5. Tracey JP (2009) 'Improving the relevance and efficiency of wild bird surveillance for avian influenza. Report to the Department of Agriculture, Fisheries and Forestry. .' (Industry and Investment NSW, Invasive Animals CRC: Orange, NSW).
6. McLeod L, and Saunders GR (2008) Do control interventions effectively reduce the impact of European red foxes on conservation values and agricultural production in Australia? *CEBC Systematic Review*, 24. (www.environmentalevidence.org)
7. Sharp T, and Saunders G (2008) Humaneness and pest control: a model for assessing the relative humaneness of pest animal control methods. Australian Government Department of Agriculture, Fisheries and Forestry, Australian Animal Welfare Strategy.
8. Webley L, and Saunders G (2008) An evaluation of feral pig control, management and impacts. Australian Government, Department of Agriculture, Fisheries and Forestry, Bureau of Rural Sciences.
9. Baker PJ, Boitani L, Harris S, Saunders GR, and White P (2008) Terrestrial carnivores and human food production: impact and management. *Mammal Review*, 38: 123-166.
10. West P (2008) *Assessing invasive animals in Australia 2008*, National Land & Water Resources Audit and Invasive Animals Cooperative Research Centre, Canberra.
11. McCallum H, Roshier D, Tracey JP, Joseph L and Heinsohn R (2008) Will Wallace's line save Australia from Avian Influenza? *Ecology and Society* 13, 41-56.

12. West P (2008) Significant invasive species (vertebrate pests) – *Status of Natural Resources Information for reporting against indicators under the National Natural Resource Management Monitoring and Evaluation Framework*. National Land & Water Resources Audit and Invasive Animals Cooperative Research Centre, Canberra.
13. Fleming PJS and Tracey JP (2008) Aerial surveys of wildlife: theory and applications. Preface to special issue. *Wildlife Research* 35(4), iii-iv.
14. Fleming PJS and Tracey JP (2008) Some human, aircraft and animal factors affecting aerial surveys: how to enumerate animals from the air. *Wildlife Research*, 35(4), 258-67.
15. Melville GJ, Tracey JP, Fleming PJS and Lukins BS (2008) Aerial surveys of multiple species: Distance and mark-resight estimators. *Wildlife Research*, 35(4), 310-19.
16. Tracey JP, Fleming PJS and Melville GJ (2008) Accuracy of some aerial survey estimators: contrasts with known numbers. *Wildlife Research* 35(4), 377-42.
17. Tracey JP, Lukins BS, and Haselden C (2008) Hybridisation between mallard (*Anas platyrhynchos*) and grey duck (*A. superciliosa*) on Lord Howe Island and management options. *Notornis* 55, 1-7.
18. Tracey JP, Lukins BS, and Haselden C (2008) 'Lord Howe Island Ducks: Abundance, Impacts and Management Options. A report to the World Heritage Unit, Lord Howe Island Board.' (Invasive Animals CRC: Canberra).
19. West P, Brown A and Hall K (2007) Review of alien fish monitoring techniques, indicators and protocols: implications for national monitoring of Australia's inland river systems. Invasive Animals CRC.
20. Gentle M, Saunders GR, and Dickman C (2007). Persistence of sodium monofluoroacetate (1080) in fox baits, and implications for fox management in south-eastern Australia. *Wildlife Research*, 34: 325-33.
21. Saunders GR, and Mcleod L (2007). Improving Fox Management Strategies in Australia. Bureau of Rural Sciences, Canberra.
22. West P, and Saunders G (2007). Pest Animal Survey: A review of the distribution, impacts and control of invasive animals throughout NSW and the ACT. NSW Department primary Industries.
23. Saunders GR, Lapidge S, Fulton W, Murphy E, Sarre S, Buller C and Peacock T (2007) The Invasive Animals CRC: a new research initiative for managing some old problems. In 'Pest or guest: the zoology of over-abundance, pp 88-93. (Eds. D. Lunney, P. Eby, P. Hutchings and S. Burgin). Royal Zoological Society, NSW.

24. Tracey JP, Bomford M, Hart Q, Saunders G and Sinclair R (2007). 'Managing Bird Damage to Fruit and Other Horticultural Crops.' (Bureau of Rural Sciences: Canberra).
25. Tracey JP and Fleming PJS (2007) Behavioural responses of feral goats (*Capra hircus*) to helicopter surveys. *Applied Animal Behaviour Science* 108, 114–128.
26. Saunders GR, Lane C, Harris S and Dickman C (2006). Foxes in Tasmania: a report of an incursion by an invasive species. Invasive Animals CRC, Canberra.
27. Doody JS, Green B, Sims R, Rhind D, West P and Steer D (2006) Indirect impacts of invasive cane toads (*Bufo marinus*) on nest survival in pig-nosed turtles (*Carettochelys insculpta*). *Wildlife Research* 33: 349-354.
28. Sharp T and Saunders GR (2005) Humane pest animal control: codes of practice and standard operating procedures. NSW Department of Primary Industries.
29. Philbey A, Kirkland P and Saunders GR (2005) Assessment of antibody to rabbit haemorrhagic disease virus in fox serum as an indicator of infection in sympatric rabbit populations. *Australian Vet. Journal* 83: 97-100.
30. Tracey JP, Fleming PJS and Melville GJ (2005) Does variable probability of detection compromise the use of indices in aerial surveys of medium-sized mammals? *Wildlife Research* 32, 245-252.
31. Tracey JP (2005) 'Targeting surveillance for avian influenza in wild birds: a pilot investigation in New South Wales. Final report to the Department of Agriculture, Fisheries and Forestry, Wildlife and Exotic Disease Preparedness Program.' (NSW Department of Primary Industries: Orange).
32. Fleming P and Thompson J (2005) Fluoroacetate poisoning of seven dogs: correspondence on O'Hagan 2004. *Australian Veterinary Journal* 83, 283-284
33. Woolnough AP, West PB, and Saunders GR (2004). Institutional knowledge as a tool for pest animal management. *Ecological Management and Restoration*, Vol 5: No 3, 226-228.
34. Young JE, Georges A, Doody JS, West PB and Alderman RL (2004) Pivotal range and thermosensitive period of the pig-nosed turtle, *Carettochelys insculpta* (Testudines: Carettochelydidae), from northern Australia. *Canadian Journal of Zoology* 82: 1251-1257.
35. Gentle M, Massei G and Saunders GR (2004). Levamisole can reduce bait monopolization in wild red foxes. *Mammal Review* 34: 325-330.
36. Saunders GR, Berghout M, Kay B, Triggs B and Winstanley R (2004) Dietary selection by foxes in south-eastern Australia and potential effects of rabbit

haemorrhagic disease. *Wildlife Research* 31: 13-18.

37. Vere D, Jones R and Saunders GR (2004) The economic benefits of controlling rabbits by the introduction of Rabbit Calicivirus Disease in Australian temperate pasture systems. *Agricultural Economics* 30: 143-155.
38. Allen LR and Fleming PJS (2004) Review of canid management in Australia for the protection of livestock and wildlife - potential application to coyote management. *Sheep & Goat Research Journal* 19, 97-104.
39. Fleming PJS (2004) Relationships between feral goats (*Capra hircus*) and domestic sheep (*Ovis aries*) with reference to exotic disease transmission. Unpublished PhD thesis (University of Canberra, Belconnen) pp 280.
40. Gongora J, Fleming PJS, Spencer PBS, Mason R, Garkavenko O, Meyer J-N, Droegemuller C, Lee JH and Moran C (2004) Phylogenetic relationships of Australian and New Zealand feral pigs assessed by mitochondrial control region sequence and nuclear GPII genotype. *Molecular Phylogenetics and Evolution* 33, 339-348.
41. Doody SJ, West P, and Georges A (2003) Beach selection in nesting pig-nosed turtles, *Carettochelys insculpta*. *Journal of Herpetology* 37:178-182.
42. West P and Saunders G (2003) Pest animal survey 2002: An analysis of pest animal distribution and abundance across NSW and the ACT. NSW Agriculture Emergency Animal Disease Preparedness Initiative.
43. Baker PJ, Harris S, Robertson CPJ, Saunders GR and White PCL (2003) Is it possible to monitor mammal population changes from counts of road traffic casualties? An analysis using Bristol's red foxes as an example. *Mammal Review*, 34(1): 115-130.
44. Winstanley R, Buttemer W and Saunders GR (2003) Field Metabolic Rate and Body Water Turnover of the Red Fox (*Vulpes vulpes*) in Australia. *Mammal Review*, 33(3):295-301.
45. Newman TJ, Baker PJ, Simcock E, Saunders GR, White PC and Harris S (2003). Changes in red fox habitat preference and rest site fidelity following a disease-induced population decline. *Acta Theriologica* 48(1):79-91.
46. White P, Newton-Cross G, Gray M, Ashford R, White C and Saunders GR (2003) Spatial interactions and habitat use of rabbits on pasture and implications for the spread of RHD in New South Wales. *Wildlife Research* 39, 49-58.
47. Fleming P and Harden B (2003) *Managing Wild Dogs: Guidelines for Preparing a Working Plan to Manage Wild Dogs: the brown book*. (NSW Agriculture, Orange) pp. 15.

48. Fleming P and Harden B (2003) *Working Plan to Manage Wild Dogs: the green book*. (NSW Agriculture, Orange) pp. 22.
49. Saunders GR, Kay B, Mutze G, and Choquenot D (2002) Observations on the impacts of rabbit calicivirus disease on agricultural production values in Australia. *Wildlife Research* 29, 605-614.
50. Saunders GR, McIlroy JC, Berghout M, Kay B, Gifford Perry R, and van de Ven R (2002) The effect of induced sterility on the territorial behaviour and survival of foxes. *Journal of Applied Ecology* 39, 56-66.
51. Tracey JP and Saunders G (2003). 'Bird Damage to the Wine Grape Industry. Report to the Bureau of Rural Sciences, Department of Agriculture, Fisheries and Forestry.' (NSW Agriculture: Orange NSW).
52. Saunders GR, McIlroy JC, Kay B, Gifford E, Berghout M and van de Ven R (2002) The demography of foxes in central-western New South Wales. *Australia. Mammalia* 66, 247-257.
53. Cooke B and Saunders GR (2002) Special issue editorial: Rabbit haemorrhagic disease in Australia and New Zealand. *Wildlife Research*, 29(6): 522.
54. Fleming PJS, Gilmour A and Thompson JA (2002) Chronology and spatial distribution of cockatoo damage to two sunflower hybrids in south-eastern Australia, and the influence of plant morphology on damage. *Agriculture, Ecosystems and Environment* 91, 127-137.
55. Croft JD, Fleming PJS and van de Ven (2002) The impact of rabbits on a grazing system in eastern New South Wales. 1. Ground cover and pastures. *Australian Journal of Experimental Agriculture* 42, 909-916.
56. Fleming PJS, Croft JD and Nicol HI (2002) The impact of rabbits on a grazing system in eastern New South Wales. 2. Sheep production. *Australian Journal of Experimental Agriculture* 42, 917-923.
57. McIlroy JC, Saunders GR and Hinds L (2001). The reproductive performance of female red foxes, *Vulpes vulpes*, in central-western New South Wales during and after a drought. *Canadian Journal of Zoology* 79, 545-553.
58. Baker PJ, Harris S, Robertson CP, Saunders GR and White PCL (2001). Differences in the capture rate of cage-trapped red foxes and an evaluation of rabies control measures in Britain. *Journal of Applied Ecology* 38, 823-835.
59. McLeod SR and Saunders GR (2001). Improving management strategies for the red fox by using projection matrix analysis. *Wildlife Research* 28, 333-340
60. Fleming PJS (2001) Legislative issues relating to control of dingoes and other wild dogs in New South Wales. II Historical and technical justifications for current policy. Pp 42-49 in C.R. Dickman and D. Lunney (eds) *A Symposium*

on the Dingo (Royal Zoological Society: Mosman).

61. Fleming P, Corbett L, Harden R and Thomson P (2001). *Managing the Impacts of Dingoes and Other Wild Dogs*. (Bureau of Resource Sciences, Australian Government Publishing Service, Canberra.) pp 186.
62. Saunders GR, McLeod SR and Kay B (2000) Degradation of sodium monofluoroacetate (1080) in buried fox baits. *Wildlife Research*. 27, 129-35.
63. Saunders GR and Harris S (2000). Evaluation of attractants and bait preferences of the red fox (*Vulpes vulpes*). *Wildlife Research* 27, 237-43.
64. Moriarty A., Saunders GR and Richardson BJ (2000) Nature and intensity of mortality factors acting on an adult rabbit population in central western NSW. *Wildlife Research* 27, 613-620.
65. Meek P and Saunders GR (2000) The Home Range and Activity of Foxes (*Vulpes vulpes*) Living in a Coastal Area of New South Wales. *Wildlife Research* 27, 663-668.
66. Greentree C, Saunders GR, McLeod L and Hone J (2000) Lamb predation and control of foxes in south-eastern Australia. *Journal of Applied Ecology* 37, 935-943.
67. Fleming PJS (2000) Brush-tailed rock-wallaby, *Petrogale penicillata* (Marsupialia: Macropodidae), observed feeding on fallen Acacia inflorescences. *Australian Mammalogy* 22, 63.
68. Fleming PJS (2000) Observations on the contact rates and home ranges of feral goats in relation to the spread of diseases of livestock. *Proceedings of the Vertebrate Pest Conference* 19, 107–112.
69. Fleming PJS (2000) Wild dogs and their manipulation to prevent livestock predation in Australia. *Proceedings of the Vertebrate Pest Conference* 19, 277–283.
70. Fleming PJS, Choquenot D and Mason RJ (2000) Aerial baiting of feral pigs (*Sus scrofa*) for exotic disease control in semi-arid rangelands of New South Wales. *Wildlife Research* 27, 531–537.
71. Jenkins DJ, Fleming PJ, Cathles H and Wilton A (2000). The integrated management of wild dogs in south eastern New South Wales and the Australian Capital Territory and north eastern Victoria. *Animal Production for a Consuming World, Vol A. Supplement of Asian-Australasian Journal of Animal Sciences* 13, 480.
