

2008

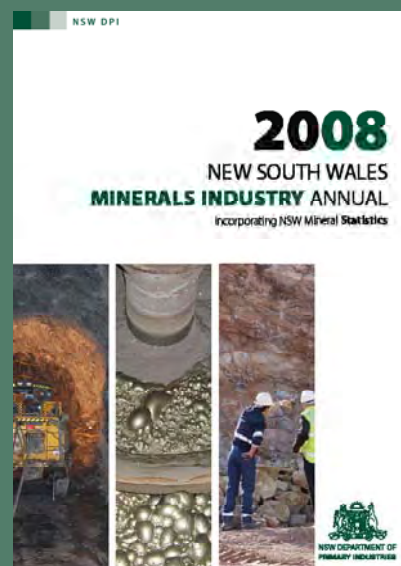

NEW SOUTH WALES MINERALS INDUSTRY ANNUAL

→ → → Incorporating NSW Minerals Statistics

A comprehensive reference publication on the NSW Minerals Industry

Contents include:

- An overview of the New South Wales minerals industry, the status of major mines and minerals commodities produced in NSW and major new projects.
- Mine dossiers that provide extensive details on all existing and proposed mines, including operating company, workforce, reserves/resources, mine production and associated infrastructure.
- Reference information including government and industry organisations.
