

The PROfarm program consists of a variety of agricultural short courses which range from one to three days in length.

PROfarm courses are designed to meet the needs of farmers, council employees and others in the agribusiness sector.

Courses in the north of NSW are organised through Tamworth branch and delivered by specialist staff and contractors of NSW Department of Primary Industries at various locations.

**ENQUIRIES PHONE -
6763 1276 or 6763 1285**

If you have a group of people who require training, simply contact us and we will arrange the course you want at a location near you, provided we have the numbers to fill the course. Help us spread the word and we will do our best to bring a course to you!
