

# Batemans Bay Recreational Fishing Guide

## Fisheries Compliance Unit

May 2016

Fishing is a fun, outdoor activity for the whole family. Fishing rules help ensure healthy and sustainable fisheries for future generations.

The waterways within the Batemans Bay area provide excellent beach, rock, and boat fishing opportunities. This guide provides essential information on fishing, including any closures and restrictions, which apply along the coast from Narrawallee Inlet to Moruya.

The Batemans Marine Park extends from Murramarang Beach in the north to Wallaga Lake in the south and includes offshore waters to the 3 nautical mile limit of state waters. Maps of the Marine Park are now available free for mobile devices, see last page of this brochure for details. For further information on marine park rules and zoning maps visit [www.mpa.nsw.gov.au](http://www.mpa.nsw.gov.au) or phone (02) 4476 0802 or 0427 496 033.

DPI fisheries officers routinely patrol waterways, boat ramps and foreshores to advise anglers about responsible fishing practices and to ensure compliance with NSW fishing regulations.

Information on bag and size limits and legal fishing gear can be obtained at [www.dpi.nsw.gov.au/fisheries](http://www.dpi.nsw.gov.au/fisheries) or by visiting your local DPI fisheries office.

To report suspected illegal fishing activity, call the Fishers Watch phone line on **1800 043 536** (free call) or report on-line at <http://www.dpi.nsw.gov.au/fisheries/compliance/report-illegal-activity>. All calls will be treated as confidential and you can remain anonymous.

## RECREATIONAL FISHING FEE

When fishing in NSW waters, both freshwater and saltwater, you are required by law to pay the NSW recreational fishing fee and carry a receipt showing the payment of the fee. This applies when spear fishing, hand lining, hand gathering, trapping, bait collecting and prawn netting or when in possession of fishing gear in, on or adjacent to waters.

All money raised by the NSW recreational fishing fee is spent on improving recreational fishing in NSW. Projects include:

- building artificial reefs to create new fishing locations;
- fish aggregating devices (FADs) to enhance fishing for dolphinfish and even tuna and marlin;
- creation of recreational fishing havens;
- angler facilities such as fish cleaning tables and fishing platforms;
- stocking of freshwater fish in dams and rivers;
- essential research on popular recreational fish species;
- restoring important fish habitat;
- marine stocking of prawns in estuaries;
- angler education and advisory programs such as the Fishcare Volunteer program, fishing workshops, Get Hooked...it's fun to fish primary schools education and fishing guides.

Much more information is available at [www.dpi.nsw.gov.au/fisheries](http://www.dpi.nsw.gov.au/fisheries).

You can pay the NSW recreational fishing fee at [www.onegov.nsw.gov.au](http://www.onegov.nsw.gov.au) or by calling 1300 369 365 or at many outlets throughout NSW, such as most fishing tackle stores, caravan parks, local shops, service stations and many Kmart stores.

Some exemptions apply to paying the fishing fee, including people under the age of 18, holders of pensioner concession cards and Aboriginal people. For further information on exemptions visit [www.dpi.nsw.gov.au](http://www.dpi.nsw.gov.au) or call (02) 4424 7499.

You may not need to pay the NSW recreational fishing fee if you are fishing on a charter boat, hire boat or under the supervision of a fishing guide. Please check with the charter/hire boat operator, or guide, before you go fishing. If they do not hold a

recreational fishing fee exemption certificate you will need to pay the NSW recreational fishing fee.

## RECREATIONAL FISHING CLOSURES

A number of fishing closures exist in the [District] area. These exist for a variety of reasons, from public health and safety to preserving unique aquatic environments. The majority of these closures are signposted and penalties apply for not complying with fisheries rules and regulations.

### General fishing closures

**All NSW waters.** During the period May to August (inclusive) each year Australian Bass and Estuary Perch can only be taken by catch and release fishing in any NSW waters except impoundments and the waters of rivers above impoundments

### Recreational netting and trapping

### Conservation Restrictions

**Critical Habitat Grey Nurse Shark - Tollgate Islands** is within a sanctuary zone of the

Figure 1. Tabourie Lake

**Butler's Creek.** All the waters of Butler's Creek are closed to the use of nets, other than a dip or scoop net (prawns) or a landing net.

**Moruya River.** The following waters are closed to the use of nets, other than a landing net; the Moruya River upstream from Kiora bridge and the Deua River and their tributaries to their source, including Wamban Creek to its source.

**Tabourie Lake (Figure 1).** All the waters of Tabourie Lake and its tributaries are closed the use of hoop or lift nets.

**Willija Swamp (YSwamp) (Figure 2.).** All the waters of Willija (or 'Y') Swamp at Moruya Heads are closed to the use of nets or traps, other than a landing net.

**Willinga Lake (Figure 3).** The following waters are closed to the use of a net, other than a dip or scoop net (prawns) or a landing net; all the waters of Willinga Lake (including its entrance) and its tributaries.

Batemans Marine Park and is closed to all methods of fishing. For further information on marine park rules and zoning maps visit [www.mpa.nsw.gov.au](http://www.mpa.nsw.gov.au) or phone (02) 4476 0802.

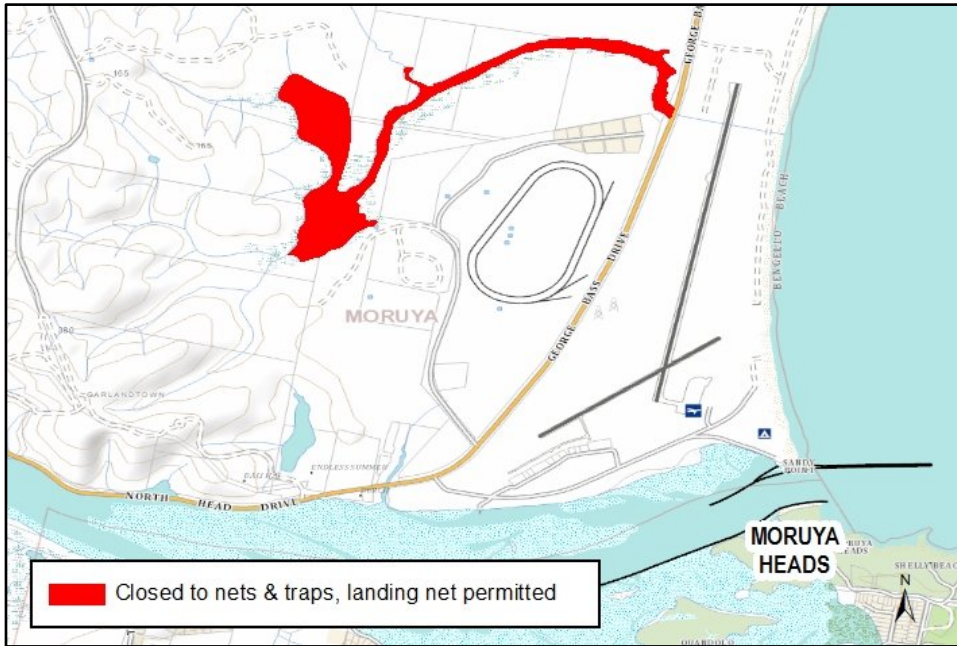

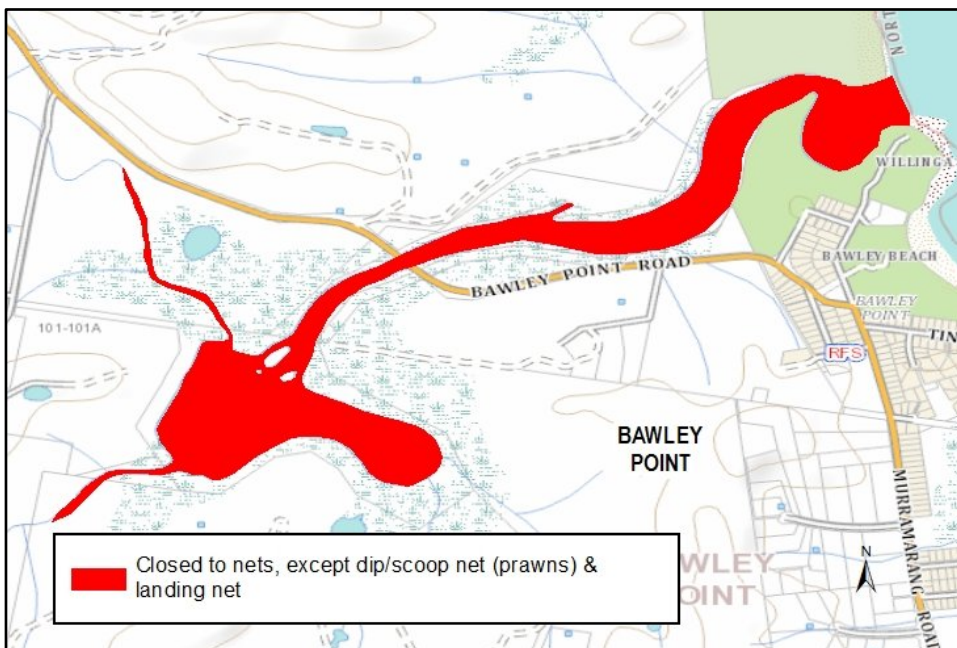

Figure 3. Willinga Lake

### Spearfishing and diving

Spearfishing in NSW is a popular form of recreational fishing and has been recognised for its selective fishing practices. Spearfishers and divers are permitted to use:

- a snorkel when taking fish;
- SCUBA and hookah apparatus for scallops and sea urchins only; and
- bare/gloved hand only when taking lobsters.

Spearfishers and divers are **not** permitted to use:

- a light with a spear/spear-gun;

- a spear/spear-gun to take blue, brown or red groper or any protected fish;
- powerheads and/or explosive devices.

Spearfishing is prohibited in freshwater as well as many entrances, coastal lagoons and other tidal waters.

The following areas covered by this guide are closed to spearfishing:

**All NSW ocean beaches**, excluding the last 20m at each end of the beach.

**Burrill Lake (Figure 4).** The whole of the entrance waters to Burrill Lake, including the tributaries extending from a line drawn across the entrance waters from the northernmost point of Thisleton's Point in a northeastern direction bearing 23°, about 291 metres to a point on the northeastern foreshore of the lake, downwards to the South Pacific Ocean.

below the traffic bridge, commencing from the southeast pylon of the bridge, then by a line bearing 130° to an established concrete cairn at the entrance of the creek, then by a line bearing 66° to a position marked by a broad arrow painted white on the rocks on the northern side of the entrance, then bounded by the northern shore of Candlagan Creek to the northeastern pylon of the bridge, then along the bridge to the point of commencement.

**Candlagan Creek (Figure 5).** All the waters of Candlagan Creek and adjacent ocean waters

Figure 4. Burrill Lake

Figure 5. Candlagan Creek

## GENERAL RECREATIONAL FISHING RULES

- It is illegal for recreational fishers to sell their catch.
- Leave all commercial fishing gear in place and do not disturb commercial fishers going about their lawful business.
- You must not alter the length of fish by filleting and/or removing the head until you are well away from the water. This rule does not apply at areas normally used for cleaning fish, such as boat ramp cleaning tables, if the fish are for immediate consumption or immediate use as bait, or for fish that do not have a legal length. You may clean fish by gilling and gutting only.
- It is an offence to interfere with any oyster lease. Please ensure that your vessel, your vessel's wash or your tackle does not interfere with any part of an oyster lease, including the oysters.
- Abalone is prohibited for use as bait in NSW waters to prevent the spread of abalone viral ganglioneuritis (AVG).
- Collecting pipis by recreational fishers for human consumption is prohibited in NSW. A maximum of 50 pipis is permitted to be collected for bait and within 50m of the high tide mark. Pipis and cockles may contain toxins due to natural algal blooms. The blooms are not always visible.
- Intertidal invertebrates must not be shucked except for immediate use as bait.
- It is illegal to jag/foul hook fish other than through the mouth.

### Fishing safely

Fishing is fun, but remember to take care and exercise caution. Rock fishing can be particularly dangerous due to the unpredictable nature of the ocean. Follow these basic safety tips at all times when rock fishing:

- Always wear a life jacket
- Stay alert to the weather conditions
- Plan an escape route in case you are washed in
- Never turn your back on the ocean
- Wear appropriate non-slip footwear and light clothing

- Do not jump in if someone is washed in - wait for assistance
- Never fish alone

For more information go to [www.safefishing.com.au](http://www.safefishing.com.au)

### Responsible fishing

- Reduce wildlife injuries by attending your lines and avoid bird feeding areas.
- Only catch sufficient fish for your immediate needs. Release all others using best practice catch and release techniques. Remember all fish, including scavengers, are important to the ecosystem.
- If you retain your catch, dispatch all fish and invertebrates swiftly and humanely.
- Dispose of all litter and fish waste responsibly.
- Be considerate of others and keep noise to a minimum, especially in residential areas.
- Reduce wildlife injuries by attending your lines and avoid bird feeding areas.
- Use environmentally friendly fishing tackle such as lead alternative sinkers, biodegradable line, and non-stainless hooks where possible.
- Act responsibly when you have reached your bag limit and you remain in the fishing grounds.
- Do not interfere with commercial fishing activities or commercial fishing gear.

### Recreational harvest of shellfish

Shellfish are filter feeders and they sometimes accumulate harmful substances from the water during feeding. Shellfish collected by recreational fishers should never be eaten raw. This is because recreationally harvested shellfish are not subject to the same strict food safety controls as commercially harvested shellfish. Consequently the NSW Food Authority recommends eating only shellfish harvested under a recognised program. For more information check the DPI Recreational Fishing Guide or [www.foodauthority.nsw.gov.au](http://www.foodauthority.nsw.gov.au) or phone 1300 552 406.

### Penalties

Penalties apply to persons who take or possess fish (including invertebrates, shells, etc.) taken in contravention of fishing closures, including aquatic reserves and intertidal protected areas.

## Further information

For more information about fishing restrictions that apply to the Batemans Bay district waterways and beaches, please contact the;

Batemans Bay Fisheries Office

Suite 8, Braysyth Building

Cnr Beach Road & Orient Street

Postal Address: PO Box 17

BATEMANS BAY NSW 2536

Phone: (02) 4478 9100

Fax: (02) 4472 7542

Web: [www.dpi.nsw.gov.au/fisheries](http://www.dpi.nsw.gov.au/fisheries)

Check for updates of this Recreational Fishing Guide at:

<http://www.dpi.nsw.gov.au/fishing/recreational/resources>

For information specific to the **Batemans Marine Park** please contact;

Batemans Marine Park

Cnr Burrawang and Graham Streets
