Cape Byron, or Lennox Head Boulder Foreshore habitat protection zones. Wildlife (such as bag limits and size limits for fish), the other regulations on some activities and for species protection also apply under the zoning plan. Provisions for activities permitted in each zone and restrictions governing their undertaking are listed in the table above.

- Refer to Table 1 and Table 2.
- Use of traps or taking crabs by any method is not permitted in Mimms Creek, Julian Rocks, Julian Rocks, Poor Knights and Julian Rocks.
- Spearfishing is not permitted in the Mackerel Boulder, Wilsons Reef and Bait Reef, and Julian Rocks.
- Only recreational shore-based line fishing permitted.
