Given name :

Family name:

Organisation:

Mobile phone:

Email:

My completed questionnaire should only be published on the Department of Primary Industries website once my personal details are removed.

Threatened species, Aboriginal connections to forests, Heritage values

To publish or not to publish:

Select your interests:

Other interests:

How effective do you think the RFAs have been : Not effective

What elements would you want to see retained and remain unchanged : the 5 year review procss maintained

What elements would you want to change?:

Simplifying the RFAs and removing redundant or duplicated commitments?: Very important

Maintaining a strong focus on triple bottom line outcomes?: Very important

Updating references to legislation, codes of practice or new regulation? : Don't know

Alignment with contemporary policies and programs?: Don't know

Alignment with the National Forest Policy Statement and global agreements on sustainable forestry?: Don't know

Improving review and reporting requirements: Important

What improvements could be made to the five yearly review and consultation processes?: reduce the amount of timber harvested annually

What improvements could be made to support the day-to-day implementation of RFAs?: online access to monitor harvesting quotas

What further research and monitoring could be important to consider for future RFAs?: viability of planting native hardwoods rather than logging our forests

What improvements could be made to RFA related communication?: make it simoler. Have it broadcast in a number of social media in langugae that everyone can understand what it means

What improvements could be made to the RFA implementation framework to support a rolling extension mechanism?: do not agree with this idea

What other improvements could be made to the RFA framework?: consultation with the Greens party and other world leaders on the effects of forests overlogging and its contribution to global warning
