Natural disaster assistance guide for primary producers

NSW Bushfires - Category B Declarations (AGRN 1052, 1056, 1070, 1075, 1076 and 1077)

NSW Department of Primary Industries (NSW DPI) and Local Land Services (LLS) coordinate and provide assistance, resources and advice to landholders and primary producers including commercial fishers, aquaculturists, foresters and other industries impacted by a declared natural disaster event.

The DPI provides information, resources and support on climate & emergency response and recovery for NSW primary producers. Visit www.dpi.nsw.gov.au/emergencies/bushfires or www.lls.nsw.gov.au/help-and-advice/emergency-management/bushfires to stay up to date.

Emergency Assistance for Agriculture and Animals Hotline

Phone: 1800 814 647

During an active emergency response primary producers and rural landholders impacted by natural disasters can request assistance for animal welfare related issues including:

- emergency fodder
- emergency stock water (where there is an immediate animal welfare concern)
- animal assessment and veterinary assistance
- stock euthanasia and burial
- livestock feeding and management advice and care of animals including pets and companion animals in evacuation centres.

Reporting damage

- The primary industries natural disaster damage assessment (PiNDDA) survey is a simple online survey which farmers, NSW Department of Primary Industries (DPI) and Local Land Services (LLS) staff, and agricultural industry representatives can use to record damage to primary production and animals from natural disasters such as floods, fires and storms.
- This source of “ground truth” information helps the Government and communities understand the scale and regional distribution of the impact of a disaster on agriculture and target resources and assistance in an area.
- Complete a damage assessment report at www.dpi.nsw.gov.au/emergencies/emergency/community/primary-industries-natural-disaster-damage-survey

Declared Natural Disasters

Disaster declarations are issued by the NSW Government and incorporate an Australian Government reference number (AGRN). The list of Local Government Areas (LGAs) that have been impacted by a natural disaster can be found at: www.nsw.gov.au/disaster-recovery/natural-disaster-declarations.

When a natural disaster declaration is made for an LGA affected communities and individuals can access a range of special assistance measures. For explanation of natural disaster categories please visit: www.raa.nsw.gov.au/disaster-assistance/declarations.
