To publish or not to publish:

My completed questionnaire should <strong>only</strong> be published on the Department of Primary Industries website once my personal details are removed.

Forest management framework in New South Wales, Sustainable access to timber resources, Employment in forest and wood products industries

Select your interests:

Other interests:

How effective do you think the RFAs have been : Very effective

What elements would you want to see retained and remain unchanged : Reserved forest areas.

What elements would you want to change?: Simplified structure.

Simplifying the RFAs and removing redundant or duplicated commitments?: Very important

Maintaining a strong focus on triple bottom line outcomes?: Very important

Updating references to legislation, codes of practice or new regulation? : Important

Alignment with contemporary policies and programs?: Important

Alignment with the National Forest Policy Statement and global agreements on sustainable forestry?: Not very important

Improving review and reporting requirements: Not very important

What improvements could be made to the five yearly review and consultation processes?: Complete them on time!

What improvements could be made to support the day-to-day implementation of RFAs?: Increase public understanding, particularly of importance of timber supply from native forests to meeting Australia's timber demands.

What further research and monitoring could be important to consider for future RFAs?:

What improvements could be made to RFA related communication?:

What improvements could be made to the RFA implementation framework to support a rolling extension mechanism?:

What other improvements could be made to the RFA framework?:
