- Heritage values
- Employment in forest and wood products industries
- Recreation and tourism
- Mineral and petroleum interests
- Other interests (please list below)

I feel it is completely unnecessary to log our native forests. Plantation forests are grown for that very purpose. The natural history of our country is irretrievable and is being systematically destroyed, and the impact on our native wildlife and our climate continues to be ignored. Please stop. Help retain a trace of how our beautiful country once was for future generations of Australians.
