

Yule read

Seasons Greetings from DPI's research, advisory and farm management flagship. This montage highlights some of our top stories since *Ag Today* first went online at www.dpi.nsw.gov.au/agtoday in September, 2005. You can [review them](#) and around 2500 accompanying yarns that form part of the "first draft" of recent agricultural history in NSW. Thank you to all our readers, advertisers, partners Fairfax Agricultural Media, and most of all to the committed research, technical specialist, extension and media staff who have made this 20th year of publishing a success.

Ron Aggs, Editor
