The following new quota shares will be issued by November 2018:

The number of quota shares you own will determine the amount of catch quota you are allocated for each fishing period.

The following Total Allowable Catch determinations for the 2019/20 fishing period have been made:

From 1 May 2019, you must hold quota to be able to keep any amount of Bass groper, Blue-eye trevalla, Gemfish, Hapuku, Pink ling or Bigeye ocean perch.

5. Share and quota transfer

Catch quota for Bigeye ocean perch can transfer between owners of Bigeye perch quota shares, line fishing eastern and western zone shares or demersal fish trap shares.

Catch quota can only transfer or be used within each fishing period.

6. FisherMobile – quota reporting

From 1 May 2019, you must report all quota usage in real time using the FisherMobile App on a mobile device.

If you have taken Bass groper, Blue-eye trevalla, Gemfish, Hapuku, Pink ling or Bigeye ocean perch, you must make a FisherMobile pre-land report before any of the catch is:

1. removed from the boat, or
2. taken out of NSW,

whichever occurs first.

The FisherMobile pre-land report will require you to report:

1. the date
2. your registration number
3. fishing business number
4. estimated weight of each quota species taken
5. landing location

If you have taken Bass groper, Blue-eye trevalla, Gemfish, Hapuku, Pink ling or Bigeye ocean perch, you must report the total weight of each species to

one decimal place by completing a FisherMobile post-land report:

1. before any of the catch is taken out of NSW, or
2. within 3 hours of making a FisherMobile pre-land report,

whichever occurs first.

You must remain in the immediate vicinity of the catch until you make a FisherMobile post-land report.

The FisherMobile post-land report will require you to report:

1. your registration number
2. fishing business number
3. total weight of each quota species taken
4. manner (if any) in which the catch was processed

7. Interim Fishing Activity Report
