## NSW Porcine Brucellosis Herd Accreditation Program Veterinarian Assessment

Please provide answers to the following questions in the space provided and return to:

Julie Rose  
NSW Market Assurance Program (MAP) Administrator  
Phone: 02 6051 7708  
Email: [julie.rose@dpi.nsw.gov.au](mailto:julie.rose@dpi.nsw.gov.au)

### Assessment questions

1. What would be a typical clinical history in a pig herd infected with *Brucella suis*?
2. What is the screening serological test for *Brucella suis*?
3. What should you do if a boar gives an anti-complementary result to the CFT?
4. Who should you notify if you suspect (or have confirmed) porcine brucellosis in a herd?
5. In what situations would a herd be suspended from the Program? (*name three*)
6. What are the requirements if owners wish to use artificial insemination in their herds? Which condition of the Program is applicable for this situation?
