Notice to Map Users  
Additional closures may apply. Primary Industries and its employees disclaim all liability for any actions or consequences arising from the use of this information. This map is not to be used for navigational purposes as it is indicative only and not guaranteed to be free of error or omission.

**Closed Waters**

The whole of the tidal waters of that part of the Manning River at Harrington within the following boundaries: commencing at the southwestern extremity of the northern training wall and bounded by a line west to the northwestern bank of Manning River, by the line of high water mark generally northerly and easterly to the breakwater; by that breakwater generally easterly to its eastern extremity, by a line southwesterly to the northern extremity of the sandbank forming the southern point of entrance of Manning River (Harrington Inlet), by the line of high water mark of the southeastern bank of the Manning River generally southwesterly to the eastern shore of the mouth of Mangrove Creek; and then by a line generally northeasterly to the point of commencement. And the whole of the waters of the lagoon north of the northern training wall at Manning River and near the entrance of the river, known as the Harrington Swimming Lagoon.
